

ID	Description
GO:0071539	protein localization to centrosome
GO:1905508	protein localization to microtubule organizing center
GO:0003351	epithelial cilium movement involved in extracellular fluid movement
GO:0097421	liver regeneration
GO:0071426	ribonucleoprotein complex export from nucleus
GO:0051168	nuclear export
GO:0071166	ribonucleoprotein complex localization
GO:0097729	9+2 motile cilium
GO:000346	transcription export complex
GO:0005858	axonemal dynein complex
